Meeting the

aesthetic needs of each patient is at the core of Dr. Bradley Bengton's philosophy. He founded The Bengton Center as a state-of-the-art facility that aims to help patients preserve their youth with the most advanced technology available. "I am dedicated to helping patients achieve natural-looking results that make them feel like the best version of themselves," he says. As a leader in his field, he has authored many books and articles on plastic surgery; has been instrumental in the development and research of implant technology; and has served as a global educator on breast scaffolds, cellulite reduction, high resolution ultrasound, fat transfer and advanced aesthetic facial procedures.

Natural, proportional, restored—a younger you, not a different you.

WHO I AM

1.

MY DREAM INNOVATION

A new technology that would prevent capsular contracture and seromas

2.

CELEB PHOTOS MY PATIENTS MOST OFTEN BRING IN

Jennifer Aniston and Jennifer Lopez

3.

THREE WORDS THAT BEST DESCRIBE ME

Innovative, caring, compassionate

4.

HOW I WOULD SPEND EXTRA TIME IN A DAY

With my family

5.

MY HAPPIEST PROFESSIONAL MOMENT

Fulfilling a lifelong dream of developing and growing my aesthetic plastic surgery practice seven years ago

6.

WHAT I CAN'T LIVE WITHOUT

Our Vectra® 3-D imaging and simulation system that allows patients to see their results before surgery

7.

WHAT SETS MY PRACTICE APART

My practice is constantly evolving as I continue to bring in the most advanced nonsurgical innovations and new surgical techniques and technologies to obtain the best results for my patients

Full-Face Rejuvenation

A facelift, necklift, upper blepharoplasty and fillers helped address signs of facial aging and rejuvenate the appearance of this 57-year-old patient.
